

Rules of the Auction

This document serves as a list of general rules for Alabama GovEase auctions. Different states utilizing GovEase may have different rules for auctions. Please read this document and electronically sign as an indication of your agreement to the rules of the auction.

- Parcels will be sold one at a time until all parcels are sold. This auction will be conducted exclusively online.
- Pre-Bidding will open prior to the online auction. Please view the registration page for all dates and times. Bidders must be registered and approved to bid by the county in order to participate in Pre-Bidding.
- A tax lien shall be sold at auction to the person who pays all taxes, interest, penalties, fees, and costs due on the property and who in addition bids the lowest interest rate on the amount required to be paid to redeem the property from the sale.
- The beginning interest rate will start at 12% and additional bids may be made at a rate less than the immediately preceding bid in 1% increments.
- You will only enter the interest rate for the parcel on which you are bidding.
- You may enter a Minimum Interest Rate Bid at any time after the parcels have been loaded into the “**Auctions**” page and pre-bidding has been enabled. This will register the minimum interest rate amount you are willing to bid once the parcel is open for live online bidding.
- The bid clock will reset to 10 seconds each time a bid is placed within the last 10 seconds of that auction. Once bids cease and time has expired, the auction will close and be sold to the bidder who has bid the lowest interest rate.
- Ties at 0% are broken by a random numerical generator.
- **All parcels should be fully researched by the bidder prior to the auction beginning. Neither GovEase nor the county tax office can offer investment or legal advice.** Should you have specific legal or investment questions, it is recommended that you seek the advice of a competent legal professional.

- All third-party images obtained and provided by GovEase may not be 100% accurate. Any parcel without a valid address will show a default view and will not represent the actual property. It is the bidder's responsibility to carefully research each parcel on which they intend to bid.
- The Tax Collecting Official has the right to re-bid or remove a parcel at any time during or after the auction if they so choose. This is at the sole discretion of the tax office.
- **All sales are final! If a purchase is made, there is no refund or exchange and partial payments are not allowed. Failure to pay for purchases can result in legal action taken against you by the county.**
